BUILD

This venue was such a great success we were offered a brand new location in the main market area. This new course was built in Lockdown 3.0 and will open in Spring 2021.

ALCOHOL LICENSE

Obtaining a new alcohol; license in Camden Town is very difficult, but as mini golf is our core business, an ancillary license was easy to obtain.

PLONK PUZZLE PUTT

CONCEPT

This venue experimental mini golf course was a world's first: A mini golf puzzle room experience.

The concept: traverse our most immersive Plonk World and take on 9 puzzle holes in 60 minutes.

Each hole had a mental or physical puzzle that needing solving as a team to be able to either play, or even better get that hole in 1 shot.

Teams would work together to complete the course but the player with the lowest score would still be crowned the victor.

This concept was wildly successful in London. We have full sets of maps, plans and training manuals so all of our ideas and expertise can be passed on.

VIDEO LINK

The space that this course was sadly redeveloped in 2020 and we moved a lot of the main parts and games across our venues.

All of the research and development that we did for this project has now been implemented across our amazing crazy golf courses.

We plan to reopen a new Plonk Puzzle Putt in the future.

Please get in touch if you would like to find out more about this unique experience.
